NOTICE

Beginning in 2026, we will be moving from a “monthly” newsletter distribution to a “quarterly” newsletter. The first quarterly newsletter will be issued at the beginning of April, 2026.

When any federal grant programs open for application within the three month period, we will issue separate bulletins that will provide more extensive information regarding the program and provide the necessary links to the federal agency website(s).

It remains our goal to make sure that you have access to the most current information and to assist you in identifying potential federal funding sources to support your public safety project(s).
